Grunt and Giacomo Poleschi

**JOIN US FOR THREE  
EVENINGS OF  
LEARNING AND  
SHARING ABOUT  
NONVIOLENT  
COMMUNICATION  
IN EDUCATION.**

**Tickets: 120 - 490 €**  
**[www.nvcineducation.org](http://www.nvcineducation.org)**

# The Life-Enriching Education Lab (short: LEE Lab)...

...is an international training and community event based on the ideas of **mutual education, dialogue** and **appreciation of diversity and different perspectives**. The Mini LEE Online Lab is a way to get a taste of the LEE Lab and what makes it so special.

During three online sessions we share and learn together about Nonviolent Communication (short: NVC) in education. This is what we have planned:

23rd Feb – **Connection**: Getting to know each other and the idea of life-enriching education, and setting up our learning community.

24th Feb – **Learning**: Practicing requested topics of NVC in education, sharing and exercises from trainers and participants.

25th Feb – **Inspiration**: Exchange about NVC work and projects, learning from our international experiences in this group, dreams for education, next steps.

This event is for **everybody** interested in exploring and applying NVC in education, including, adult students, kindergarten teachers, school and university teachers, child care staff, administrators, counsellors, educators in youth programs, parents, NVC trainers, Certification Candidates, and all NVC practitioners.

We will meet on Zoom with a maximum of 25 people. Working language will be **English**. We would prefer that the group starts and ends together, so please only sign up if you can be there all three evenings. This will allow for more connection and fun.

To participate you can choose a ticket price between 120 € – 490 €. Please give the highest amount you can give in **appreciation and support** for our work. Contact us if the amount you can contribute is lower or higher than what we propose.

If you have any **questions**, do not hesitate to contact our organizer Marie Siegling.
